Benefits for your members - Digital Tools

[BIM Catalogue of constructive elements \(ES\)](#)

[IFC Builder](#)

[Cypetherm EPlus](#)

[Cypetherm Improvements](#)

[Open BIM RenoZEB Focchi Facades](#)

[Collaborative Platform](#)

[BIM Management System BIMMS](#)

[Tool 1 – BIM4EEB Fast Mapping of Buildings Toolkit](#)

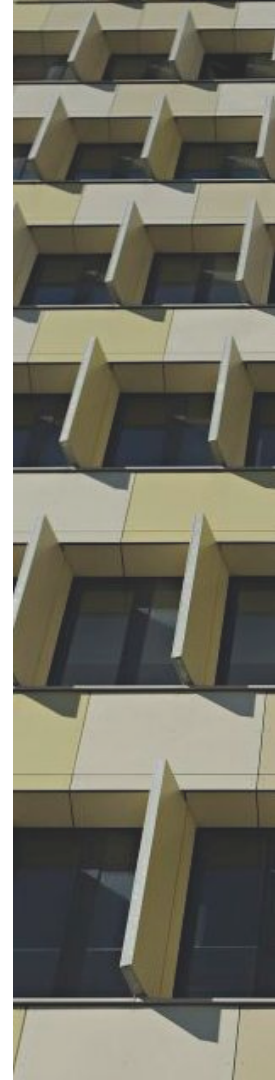

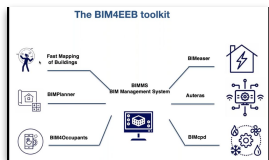

[Tool 2 – BIM4EEB BIMeaser tool](#)

[Tool 3 – BIM4EEB BIM4Occupants tool](#)

[Tool 4 – BIM4EEB Auteras tool](#)

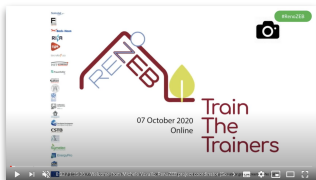

[Tool 5 – BIM4EEB BIMcpd tool](#)

[Tool 6– BIM4EEB BIMPlanner tool](#)

Benefits for your members - Trainings

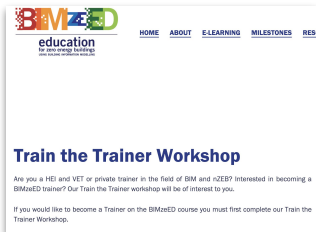

RenoZEB - Training the Trainers (October 2020)

Video 1 - <https://youtu.be/urgTz6pF6pg>

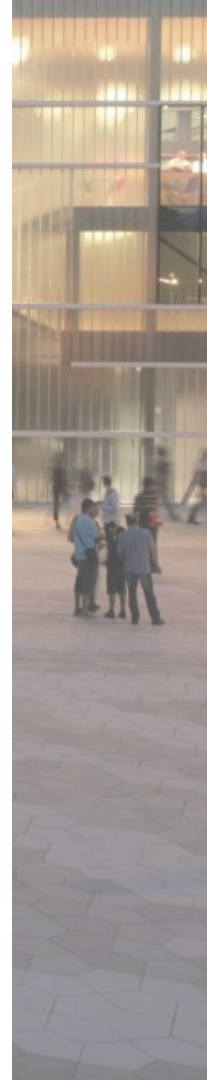

Video 2 - <https://youtu.be/bCsEXEgSjak>

Video 3 - <https://youtu.be/WqyMr-m98D8>

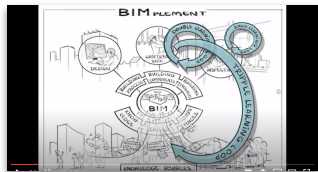

BIMzeED - Free Training the Trainers (Launched now)
Course information <https://bimzeed.eu/course-information/>
Join in the training the trainers programme and give your feedback.

<https://bimzeed.eu/events/train-the-trainer-workshop/>

Benefits for your members - Events and webinars/1

1st webinar [“Are we ready from BIM in construction sites? A reality check experiences from the ground.”](#)

2nd webinar [“How BIMplement can be implemented in other EU countries?”](#)

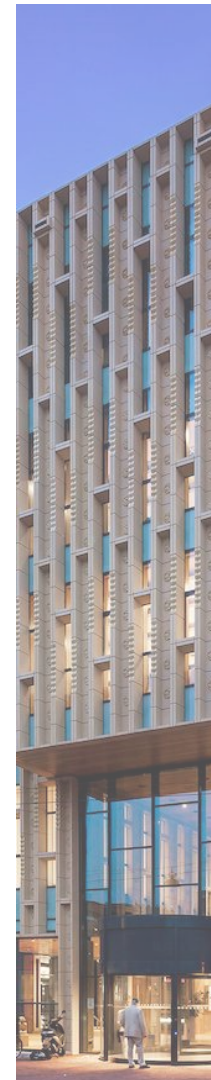

[Introduction to BIM catalogue \(ES\)](#)

BIM4EEB Interim Conference - [Introduction to BIMMS and tools](#)

DigiPLACE webinar - [Are architects ready for the digitalisation?](#)

Benefits for your members - Events and webinars/2

BIMSpeed Industry day - The webinar presented the EU BIM for Building Renovation Competition and tools. - Recordings available soon.

<https://www.bim-speed.eu/en>

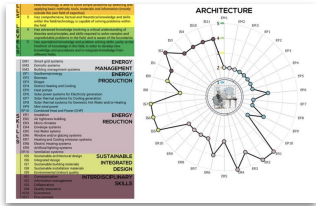

Introducing the Combined Labelling scheme - Webinar recordings available soon in the link below.

<http://www.buildup.eu/en/events/webinar-introducing-triplea-reno-combined-labelling-scheme>

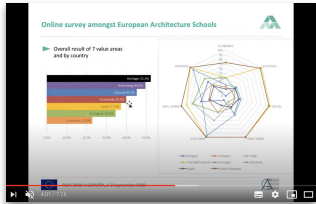

Benefits for your members - Reports

Scientific paper at 'Buildings and Cities' - [Construction Skills for Mainstreaming nZEB: New Tools & Practices](#)

Scientific Paper at PLEA - [Teaching the value of architecture](#)

Triple -reno

Baumeister publication - [BIM-Standards in the EU: Who stands up for the interests of the architects?](#) (DE)

Next steps

BIMSpeed Survey on level of implementation of BIM across Europe.
Available in 19 languages. Deadline 15/12. Find the survey in the link below.

ON-GOING PROJECTS

October 2019 | September 2023

DRIVE 0 aims to contribute to the decarbonization of the European building stock by developing a consumer-centred circular building renovation process in order to make deep building renovation more attractive for consumers and investors, environmentally friendly and cost effective.

The project will provide solutions not only for renewable technologies, but also for recycling and reusing locally available
