INTERVIEW

Catherine Jacquot, President of the French Conseil national de l'Ordre des architectes (CNOA)

The CNOA President presents the event jointly organised by the ACE, CNOA, CIAF and UIA on the occasion of the COP21 and gives her opinion on the role of the architectural profession in addressing the challenges posed by climate change. [Read the interview](#)

ACE NEWS

Joint ACE-UIA-CNOA round table on climate change

On the occasion of COP21, the Architects Council of Europe (ACE), the French Chamber of Architects (CNOA) and the Union of International Architects (UIA), are co-organising an international round table to discuss the role of cities and buildings in addressing the challenges posed by climate change and solutions that architecture can bring. ACE presence at the EAAE Congress - Architectural Education Towards 2030

ACE President Luciano Lazzari presented ACE activities, including the ACE Sector Study and the ACE initiatives for tackling climate change, during the EAAE Congress organised on 27-30 August in Milan. [Read more](#)

ACE participated to the 2nd meeting of the Mirror Group for the Fitness Check of the Construction Sector

On 22 September, ACE participated in the second meeting of the Mirror Group following up the Study for the Fitness Check on the Construction Sector, commissioned by DG GROW to assess the impact of EU legislation on the construction sector. [Read more](#)

ACE supports Germany in its Infringement procedure about HOAI

The EU Commission launched an infringement procedure against Germany regarding the fee scale for architects and engineers (HOAI), arguing that compulsory minimum tariffs are not necessary in order to ensure high-quality services of either domestic or foreign services providers (...). [read more](#)

EU NEWS

The European Parliament adopts a resolution on the Urban dimension of EU policies

The ACE welcomes the resolution adopted on 9 September by the European Parliament on the urban dimension of EU policies, in which it advocates closer local level involvement at all stages of the policy cycle, based on a new multi-level governance method. [Read more](#)

The European Parliament adopts a resolution on the implementation of the Copyright Directive

On 9 July, the European Parliament adopted a non-legislative resolution calling for a modernisation of the 2011 Copyright Directive. While the majority of MS enjoys the so-called Freedom of Panorama, in some countries, the publication of photographs, films and other works depicting public places, requires a permission from the right holder. EU PROJECTS

At the moment the ACE is involved in five EU funded research projects. All projects relate to the building sector and address issues related to sustainability, energy efficiency, renovation, innovative materials and technologies. Through these ACE seeks to promote the architects' role in building sustainably and energy retrofitting:

- LEEMA - Low Embodied Energy Insulation Materials
- iNSPIRE- Tackling high-energy consumption
- A2PBEER - Energy Efficient Retrofitting for Public Buildings
- ERASMUS+ - Confronting Wicked Problems: Adapting Architectural Education to the New Situation in Europe
- Prof-Track - Open Education Platform for Continuing Professional Development

PUBLIC CONSULTATIONS

[Consultation on the Evaluation of the Energy Performance of Buildings Directive](#)

The objective of this consultation is to consult stakeholders on the review of the EPBD and evaluate whether the directive has met its aims. The public consultation launches the review of the directive, due by the end of 2016. Deadline: 31 October 2015

[Public consultation on overcoming obstacles in border regions](#)

The purpose of this consultation is to collect experiences and opinions from citizens, key stakeholders and experts, in order to get a comprehensive overview of what obstacles persist and of their impact on the daily lives of people and businesses in border regions. Deadline: 21 December 2015.
